

SERIES 5400/5700

CEDAR FACED CARRIAGE HOUSE DOORS

the
door to
quality

Traditional. Dynamic.

Classic style delivered in a bold, modern way. C.H.I. Overhead Doors has always been one step ahead of the curve with the 5400 Series. The 5400 and 5700 Series take another step forward - utilizing Western Red Cedar boards to create a dynamic, yet timeless look that is backed by a rigid steel base section. Top it all off with a field stain and the decorative hardware and window options of your choice to create a door that truly says...*welcome home.*

residential | commercial | rolling steel doors

Pictured, 16' x 7' 5432 field stained with optional madison windows, seeded glass and wrought iron hardware.

This series also available in

5400 Series. Utilizes a steel base sandwich section with a polystyrene core.

5700 Series. Utilizes a polyurethane injected steel thermally-broken base section.

FEATURES

The wide tongue-and-groove cedar boards and smooth cedar accent battens are laminated to the steel base sections with high performance adhesives. The door face is manufactured unfinished for field painting or staining.

Optional windows are available in plain glass, glue chip pattern or seeded glass, available in the top two sections of door

Faux windows are an option with the background color always being black and can be combined with all window section options

Series 5400 are 2" thick CFC free polystyrene insulated base sections

Series 5700 are 2" thick CFC free polyurethane insulated thermally-broken base sections

2-3/4" total section thickness

Wood-grained steel interior, pre-finished in white

One set of spade decorative hardware is standard for all doors. Optional Barcelona or Wrought Iron designs replicate an old-world look

Concealed steel plates run continuously from top to bottom of each section for fastening hardware

Series 5400 R-value - 10.78

Series 5700 R-value* - 18.03

*R-value testing is in accordance with ASTM C518 standards.

Note: Follow manufacturer's recommendations for surface preparation for field staining or painting applications.

C.H.I. Overhead Doors is pleased to use DOW® insulation products in our urthane core garage doors.
