Plain

*Caming is available in either:

Note: All decorative and designer glass is either transparent or semi-transparent.

2700 Series Decorative and Designer Glass Options

The 2700 Series decorative and designer glass options are simple in design with a timeless appeal. The Monticello and Somerset are insulated windows that have an acrylic face making these windows very strong and for privacy we've added an obscure glass pattern behind the acrylic face, beautifully finishing the outside your garage door and your home.

INSERTS

C.H.I. offers numerous window insert designs that add distinction to any home. The convenient interchangeable inserts allow you to transform the look of your door instantly by simply switching insert patterns. Inserts are U.V. protected and are available in all door colors. The inserts can also be painted to match existing trim colors on your home.

WINDOW FRAMES

C.H.I.'s patented screw together window frames are designed for years of worry free weather protection. The frames also allow the optional inserts to be interchanged giving a new look for your home. All frames are U.V. protected and come pre-finished to match the color of your C.H.I. door.

Add a touch of elegance and compliment the outside of your home with the addition of decorative and designer glass options from C.H.I. These options are an investment designed to improve the natural beauty of your exterior while adding to the value of your home.
